Re: Completion of the Requirements for Resolution of Division Directive, American Cometco, Inc.,  
Etna Mine, S/021/009, Iron County, Utah

Dear Mr. Glazier:

On October 16, 2002, Doug Jensen of the Division staff inspected your Etna Mine project in Iron County. This inspection was scheduled to determine whether the guarding and posting, recently put in place by you, was adequate to secure the mine openings and provide warnings to the public of the hazards that are present at the site.

Based on this site inspection, Cometco's efforts to secure the site are sufficient to satisfy the Division Directive. We appreciate your efforts to complete this work in a timely manner. **Based on the information contained in the October 16, 2002 inspection memo, the August 7, 2002 Notice of Non-Compliance and Division Directive is hereby terminated.**

Thank you for your cooperation in this matter. If you have any questions, please call me at (801) 538-5286 or Doug Jensen at (801) 538-5382.

Sincerely,

D. Wayne Hedberg  
Minerals Permit Supervisor
